Western Dakota Technical Institute, Rapid City

VASCULAR ULTRASOUND TECHNOLOGIST
Southeast Technical Institute, Sioux Falls

PRE-PROFESSIONAL PROGRAMS
Pre-professional programs are not undergraduate majors, but rather suggested programs of study that prepare you to apply to professional programs. Many professional programs prefer or require a bachelor’s degree, so you should plan to complete an undergraduate major as well as the prerequisites of the professional program in which you are interested. In all cases, your choice of major does not affect your chances of admission to a professional program; choose a major in which you are interested in, with coursework that you’ll enjoy.
